**PETITION UNDER 37 C.F.R. §1.181
TO RESET PERIOD OF REPLY TO OFFICE ACTION**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

According to the Patent Office PAIR database, an Office Action was mailed by the Patent Office on April 15, 2009 for the above-identified application. However, Applicant's undersigned representative hereby states that such Office Action was never received through the mail by the law firm of Oliff & Berridge, or by the Applicant or anyone else associated with the prosecution of this application.

On May 6, 2009, which was approximately four months after Applicant filed the Amendment, Applicant's undersigned law firm automatically monitored the status of this application by checking the PTO PAIR website. Applicant's undersigned representative checked the Patent Office PAIR database and discovered the existence of the April 15, 2009 Office Action. Applicant's undersigned representative also discovered that the April 15, 2009 Office Action was returned to the Patent Office as undelivered on April 16, 2009. Because an

image file wrapper of this application was available from the Patent Office, on May 6, 2009 Applicant's undersigned representative downloaded the April 15, 2009 Office Action and obtained copies of the references cited on the PTO-892 accompanying that Office Action. Accordingly, through Applicant's own efforts, Applicant obtained the April 15, 2009 Office Action on May 6, 2009.

Accordingly, Applicant requests that the time period for replying to the outstanding Office Action be reset to start on May 6, 2009, i.e., the date that Applicant became aware of, and obtained by downloading from the PTO website, the April 15, 2009 Office Action.

Applicant's undersigned representative submits that Applicant has satisfied the requirements set forth in MPEP 710.06, which relates to the present situation. In particular, section I of MPEP 710.06 most closely relates to the present situation, although, as explained above, Applicant never received the Office Action through the mail, but rather obtained the Office Action from the image file wrapper available over PAIR. With respect to section I(A), this Petition is being filed within two weeks of the May 6, 2009 date of discovery of and receipt of the Office Action. With respect to section I(B), a substantial portion of the set reply period (i.e., nearly one month) had elapsed when Applicant received the Office Action. With respect to I(C), Applicant's undersigned representative has explained and set forth the date of receipt of the Office Action. Applicant cannot show any evidence regarding receipt of the Office Action that was mailed by the Patent Office, because Applicant still has not received the Office Action that was allegedly mailed. However, Applicant can show that the April 15, 2009 Office Action was returned as undelivered.

In order to establish that the April 15, 2009 Office Action was not received by mail by Applicant's undersigned representative, attached hereto are four sheets related to the above-identified application. Sheet 1 is an outline of the image file wrapper for this application. The

April 16, 2009 entry states that mail was returned to the Patent Office as undelivered. Sheets 2 and 3 were downloaded from the April 16, 2009 entry. The encircled portion labeled A on Sheet 2 identifies the April 15, 2009 Office Action as received in Technology Center 2800 on April 16, 2009. Sheet 2 also includes the correct mailing address for Oliff & Berridge. Sheet 3 is a scanned image of the envelope that was found with the April 16, 2009 entry. The encircled portion labeled B on Sheet 3 identifies the postage date of April 15, 2009. As such, it is believed that the Office Action was undelivered due a Patent Office error for failing to display the address for Oliff & Berridge (as provided on Sheet 2) through the address window of the envelope when the Office Action was mailed. As indicated by the encircled portion labeled C on Sheet 4, the April 15, 2009 Office Action was entered into Oliff & Berridge's computerized docketing system on May 6, 2009 at 11:01 AM.

Accordingly, the April 15, 2009 Office Action was not entered into Oliff & Berridge's computerized docketing system until the downloaded version was obtained on May 6, 2009 by Applicant's undersigned representative, and promptly given to the Oliff & Berridge docketing department. As the Oliff & Berridge docketing department immediately enters Patent Office communications when received (usually by mail from the Patent Office), the fact that the Office Action was not entered until May 6, 2009 further establishes that the Office Action allegedly mailed by the Patent Office on April 15, 2009 was never received by Oliff & Berridge.

Although it is believed that no fee is due, the Patent Office is authorized to charge Deposit Account No. 15-0461 for any fees deemed necessary to grant this Petition.

The appropriate Patent Office official is invited to contact Applicant's undersigned attorney at the telephone number listed below if there are any questions or if any additional information is desired.

Respectfully submitted,
